The Case For Donating

Information for laptop donors
Thaki is a non-profit with a mission to unlock the potential of refugee and vulnerable children.

We provide refurbished laptops and digital education software to schools catering to vulnerable and refugee children.
How we unlock potential

**Collect**
Organizations can donate their gently used electronic devices to us. We collect them and give them a new life.

**Distribute**
We then distribute the devices to education centers that work with refugee and vulnerable children.

**Monitor**
We monitor and evaluate our impact to continuously learn from and improve our services.

**Recycle**
Via our disposal partners, schools can responsibly retire and recycle devices when they reach the end of their lives.

**Load**
We have developed a platform that integrates a variety of informative, interactive and educational content.

**Train**
We provide resources and tools to support teachers and children in e-learning and digital literacy.

**Develop**
We’ve co-developed a social emotional learning intervention and app to address the wellbeing of our young learners.
Our impact on children’s lives

94% of students find Thaki content helpful at school

59% increase in students’ confidence using a computer

19 percentage point increase in students reporting ‘good’ or ‘very good’ maths knowledge

External evaluation by the Centre For Lebanese Studies, 2022
Your donation reduces e-waste

- **Laptop lifetime extension**: 3-7 years
- **Staff are engaged & inspired**
- **Directly support children in need**
- **Meet ESG goals**

“Thaki plays an extremely important role in helping corporates like PwC achieve our internal sustainability and CSR ambitions”

Swati Randev-Verma, CSR Manager, PwC Middle East
Donating is simple

Download and complete the specifications sheet

Thaki will arrange the logistics with your team, working with your existing processes and reporting needs.
